listing Description

As a leading **TMJ & migraine treatment** provider in Arizona, Head Pain Institute is renowned for effectively treating TMJ disorders, TMD, and headache symptoms. Our treatment solutions are less invasive, non-surgical, and based on medical diagnosis. Whether you are dealing with temporomandibular disorders or sleep disorders or ear pain or headaches or a multitude of other types of pain, we will make sure that your pain isn't permanent and will work hard to alleviate your pain symptoms fast. Contact us today to find out what we can do for you. We specialize in **TMJ/TMD Treatments**, **Headaches & Migraines Treatments**, **Sleep Apnea & CPAP Alternative Treatments** and **Regenerative Injection Therapy (RIT) / Stem Cell Therapy**.
