listing Description

Founded in 2003, China Valve Gasket Bolt Nuts Co., Ltd. has grown into a leading manufacturer and service provider in the fabrication industry, serving key sectors including Oil & Gas, Petroleum, Marine, Oilfield, Mining, and Heavy Industry. With a strong focus on pipeline construction and maintenance, we offer a comprehensive product portfolio encompassing valves, gaskets, packing materials, fasteners (bolts and nuts), flanges, and various pipeline components.
Our extensive industry experience and commitment to excellence enable us to deliver superior quality products to customers worldwide. As a highly efficient one-stop supplier, we are dedicated to streamlining your procurement process, saving you time and reducing costs. This makes us an ideal partner for EPC companies and contractors involved in pipeline construction projects.
All our products—including pipes, flanges, fasteners, gaskets, fittings, valves, and spare parts—are certified to international standards such as API, CE, TUV, and ISO, ensuring exceptional reliability and performance. Our solutions are widely applied across oil rigs, nuclear power plants, chemical processing facilities, and other heavy industry applications.
We pride ourselves on being a trusted premium supplier, collaborating closely with clients to achieve optimal outcomes. Backed by a skilled workforce, experienced team, and advanced manufacturing facilities, we ensure projects are completed safely, efficiently, and on schedule. Whether you are an EPC firm or project contractor, we provide dependable solutions and dedicated support at every stage.Learn more about Google SEO.
