listing Description

[China Valve](#) Industry Co., Ltd. has been a cornerstone in the valve manufacturing industry since 1989. Spanning over 200 acres, our state-of-the-art facilities include a 5,300-square-meter factory and employ a dedicated workforce of approximately 500 professionals, including 30 experienced technicians. Headquartered in Fujian, we have built a stellar reputation for quality and innovation, supported by a robust technical center and research team. Our product portfolio encompasses a diverse range of valves, including ball valves, gate valves, safety valves, blind flanges, and weld neck flanges. We utilize premium materials such as forged steel, cast steel, and cast iron, ensuring our products meet stringent international standards for reliability and performance. Designed to cater to the varied requirements of our clients, our valves are crafted with precision and durability in mind. China Valve Industry Co., Ltd. is driven by a commitment to quality and customer satisfaction. This dedication has enabled us to establish a global presence, exporting to markets in Southeast Asia, Canada, Germany, Italy, Australia, Pakistan, and Singapore. Our worldwide reach reflects our unwavering focus on delivering superior valve solutions and exceptional service.
