listing Description

ConnectDevs is an [AI Recruiter](#) platform transforming tech hiring by focusing on real-world skills over resumes. Founded in 2020 by software and recruitment experts, our AI validates developer capabilities and creates accurate talent matches. With over 10,000 successful placements and 2,500+ company partnerships, we help you build stronger engineering teams through data-driven, efficient hiring—proving AI Recruiters can bridge the talent gap effectively.
