listing Description

Acupuncture has been proven for its effectiveness in providing relief from a wide range of pains, aches, and discomfort related to various conditions and diseases. This includes conditions such as headaches, fibromyalgia, dental pain, lower back and neck pain, labor pain, menstrual cramps, osteoarthritis, tennis elbow, respiratory problems, and more. At Coral Gables Acupuncture, we provide comprehensive acupuncture treatment options for various forms of disorders and pain. Our Miami Acupuncture facility brings you over 50 years of combined experience in the field. We have some of the most sought after Board Certified Acupuncture physicians in South Florida. We have certified professionals who have expertise in different fields, starting from licensed massage and structural bodywork therapies to color therapy, Chinese herbal medicine and auricular therapy. Our physicians who first understand your health needs and then design a treatment catering to them. Their personal and caring touch, coupled with profound clinical experience would give you the best quality of care and help you lead a healthy and pleasant life.
