**listing Description**

Genea Fertility in Bangalore provides comprehensive fertility treatments, including female and male infertility care, IUI, IVF, ICSI, gamete freezing, and third-party reproduction. With advanced facilities for genetic testing, laparoscopy, hysteroscopy, andrology, and fetal medicine, we ensure personalized, cutting-edge care. Our patient-centered approach prioritizes comfort, offering compassionate support through counseling, high-risk pregnancy care, pediatric services, and a fully-equipped pharmacy. At Genea Fertility, we strive to make every patient's fertility journey seamless, focusing on both successful outcomes and exceptional care
